Ref. （How to Change “Time Zone”）

- ✓ The times on my Murata are displayed based on the time zone settings of each user account.
- ✓ If you have not individually changed the settings, the date and time will be shown according to the default value (UTC - Coordinated Universal Time).
- ✓ Depending on your region, there may be a difference between the date and time displayed on the screen and the actual local date and time. Therefore, please refer to this procedure as needed and update your settings.

"Account Settings" > "Preferences" > "Display Settings".

Select your corresponding time zone.
