Ref. (How to Change “Time Zone”)

- ✓ The times on my Murata are displayed based on the time zone settings of each user account.
- ✓ If you have not individually changed the settings, the date and time will be shown according to the default value (UTC - Coordinated Universal Time).
- ✓ Depending on your region, there may be a difference between the date and time displayed on the screen and the actual local date and time. Therefore, please refer to this procedure as needed and update your settings.

The screenshot shows the 'Account Settings' interface. The 'Preferences' tab is selected. Under 'Alerts and Announcements Delivery', the 'Display Settings' option is highlighted. The 'Display Settings' panel is open, showing the 'Time Zone' dropdown menu set to '(UTC +09:00) Japan Standard Time'. The 'Save' button is highlighted in blue, and the 'Cancel' button is visible next to it. Yellow arrows indicate the navigation path from 'Preferences' to 'Display Settings' and then to the 'Time Zone' dropdown and 'Save' button.

"Account Settings" > "Preferences" > "Display Settings".

Select your corresponding time zone.
